

Join the Future of Fintech with bKash's bNext Internship!

Are you a bright, ambitious student of Software Engineering eager to dive into the world of digital finance? bKash, Bangladesh's leading mobile financial service provider, is looking for talented individuals to join our **bNext Internship Program**!

This isn't just an internship; it's an opportunity to gain hands-on experience, work alongside industry experts, and contribute to innovative projects that are shaping the future of financial inclusion in Bangladesh.

If you're passionate about technology, have a hunger to learn, and are ready to make a real impact, we want to hear from you!

Students of Software Engineering will find exciting opportunities in various departments, including:

- **Product Development/Engineering:** Work on the core bKash app and its features, focusing on front-end, back-end, and mobile development.
- **Data Science & Analytics:** Leverage data to gain insights, build predictive models, and optimize user experience.
- **Quality Assurance (QA) & Testing:** Ensure the robustness, security, and performance of bKash's systems.
- **Platform/Infrastructure:** Contribute to building and maintaining the scalable and secure platforms that power bKash's services.
- **Security & Compliance:** Focus on cybersecurity, fraud detection, and ensuring adherence to financial regulations.
- **Research & Development (R&D) / Innovation:** Explore new technologies like AI, Machine Learning, and Blockchain to develop future fintech solutions.

Why bNext?

- **Real-world impact:** Work on projects that affect millions.
- **Mentorship:** Learn from the best in the fintech industry.
- **Growth:** Develop valuable skills and kickstart your career.
- **Culture:** Experience a dynamic and supportive work environment.

Ready to unlock your potential? Keep an eye on our official channels for application details and deadlines! Don't miss this chance to be part of the next big thing in fintech.
