Chapter Outline

Negation in Verbal Sentence

Negation in Noun-based Sentence

Absolute Negation

Negation to Affirm

Negation in Verbal Sentence or الْجُمْلَةُ الْفِعْلِيَّةُ

In this section we will learn the tools and techniques for Negation for each Tense separately.

- i. Past Tense
- ii. Present Tense
- iii. Future Tense

Negation in Past Tense

There are 2 options for negation in past tense, using two particles

- i. Normal past tense ← مَا
- ii. Lightest version of present tense ← لَمْ

Example:

Affirmative	نَصَرَ He helped
(i) Negation Option 1	مَا نَصَرَ He did not help
(ii) Negation Option 2	لَمْ يَنْصُرْ He did not help

Negation in Past Tense Cont.

- But there is **difference** between these two options:

(i) Negation Option 1	مَا نَصَرَ He did not help at all	Stronger than option (ii)
(ii) Negation Option 2	لَمْ يَنْصُرْ He did not help	General form

Negation in Past Tense: Example

مَا ضَلَّ صَاحِبُكُمْ وَمَا غَوَى ﴿٢﴾

Your fellow man (i.e. Prophet Muhammad) has not been (by no means) misguided nor he has gone astray. (53:2)

قَالُوا آمَنَّا بِئِفْوَهِهِمْ وَلَمْ تُؤْمِنْ قُلُوبُهُمْ

They said with their mouth "We believe", but their hearts did not believe. (5:41 part)

Negation in Present Tense

- There are 2 options for negating present tense sentence. Although in Arabic present tense also covers future, but in this context present does not include future tense. As there are tools specific to future negation.

Options:

Option	Example	Remarks
(i) Normal Present + مَا	مَا يَنْصُرُ He does not help at all	Stronger than option (ii)
(ii) Normal Present + لَا	لَا يَنْصُرُ He does not help	General form

Negation in Future Tense

- There are 2 options for negating future tense sentence in Arabic.

Options:

Option	Example	Remarks
(i) Present Light + لَنْ	لَنْ يَنْصُرَ He will not help	General way
(ii) Present Lightest + لَمَّا	لَمَّا يَنْصُرَ He has not helped yet	Present Perfect Tense

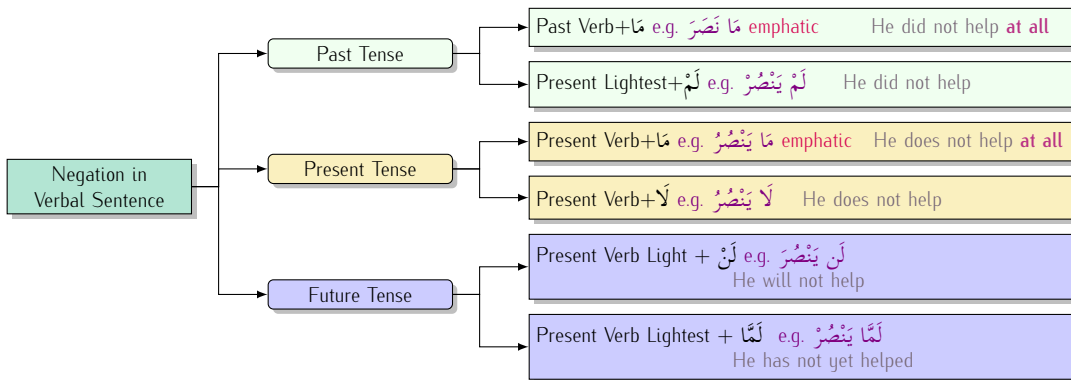

Negation in Future: Examples from Quran

وَلَنْ تَفْعَلُوا فَاتَّقُوا النَّارَ
and **you will never be able to do**-then fear the fire.. (2:24 part)

وَلَمَّا يَدْخُلِ الْإِيمَانُ فِي قُلُوبِكُمْ
and faith **has not yet entered** your heart... (49:14 part)

- Note for 49:14: The actual word-by-word would be **لَمَّا يَدْخُلِ** where the verb takes its **lightest** form **but** in order **to join the next word** a kasrah ِ is used.
- Other point for 49:14: Here the **الْإِيمَانُ** is the **Outside Doer**.

Negation of Verbal Sentence: Summary

Negation in Noun-based Sentence or الْجُمْلَةُ الاسْمِيَّةُ

Follow the steps:

- i. Add مَا in the beginning.
- ii. Keep the مُبْتَدَأٌ (i.e. Early Subject) unchanged.
- iii. Turn the خَبَرٌ (i.e. Late Subject) into مَنْصُوبٌ
alternatively, add بِ and change its status accordingly (for extra emphasis).
Recall بِ is one of the Harf of Jarr.

Negation in Noun-based Sentence or **الْجُمْلَةُ الاسْمِيَّةُ** Example

- Lets consider the following simple example:

Affirmative	الْمُسْلِمُ صَالِحٌ The Muslim is good
-------------	---

- Note, here **الْمُسْلِمُ** is the **مُبْتَدَأٌ** or **Early Subject** while **صَالِحٌ** is the **خَبَرٌ** or **Late Subject**

(i) Option 1	مَا الْمُسْلِمُ صَالِحًا The Muslim is not good	General way
(ii) Option 2	مَا الْمُسْلِمُ بِصَالِحٍ The Muslim is not good at all	Stronger Version

Negation in Noun-based Sentence or الْجُمْلَةُ الاسْمِيَّةُ Example Cont.

- Similarly,

(i) Option 1	مَا اللَّهُ غَافِلًا Allah is not unaware	General way
(ii) Option 2	مَا اللَّهُ بِغَافِلٍ Allah is not unaware by any means	Stronger Version

Negation in Noun-based Sentence or الْجُمْلَةُ الاسْمِيَّةُ The 3rd Option

- So far, we have seen 2 options for Negation of Noun-based Sentence or الْجُمْلَةُ الاسْمِيَّةُ i.e. using مَا only or using مَا and بِ together.
- Instead of مَا particle, there is another option, using لَيْسَ particle. It is used in place of مَا
- لَيْسَ particle is used **always** in **Present Tense**.
- But it is not exactly used as مَا where it is not changed at all. Unlike مَا, لَيْسَ is used like present tense يَنْصُرُ from its Chart.

Chart¹ لَيْسَ

هُمْ لَيْسُوا They are not...	هُمَا لَيْسَا Both of them are not...	هُوَ لَيْسَ He is not...
هُنَّ لَسْنَ They are not...	هُمَا لَيْسَتَا Both of them are not...	هِيَ لَيْسَتْ She is not...
أَنْتُمْ لَسْتُمْ All of you are not...	أَنْتُمَا لَسْتُمَا You two are not...	أَنْتَ لَسْتَ You are not...
أَنْتُنَّ لَسْتُنَّ All of you are not...	أَنْتُمَا لَسْتُمَا You two are not...	أَنْتِ لَسْتِ You are not...
نَحْنُ لَسْنَا We are not...	أَنَا لَسْتُ I am not...	

¹ Dream Text Book Page No. 124

لَيْسَ Example

- Lets consider the following simple example:

Affirmative	الْمُسْلِمُ صَالِحٌ The Muslim is good
-------------	---

- Observe the Option 3(a) and 3(b). Just replace مَا with لَيْسَ

(i) Option 1	مَا الْمُسْلِمُ صَالِحًا The Muslim is not good	General way
(ii) Option 2	مَا الْمُسْلِمُ بِصَالِحٍ The Muslim is not good at all	Stronger Version
(i) Option 3(a)	لَيْسَ الْمُسْلِمُ صَالِحًا The Muslim is not good	General way
(ii) Option 3(b)	لَيْسَ الْمُسْلِمُ بِصَالِحٍ The Muslim is not good at all	Stronger Version

مَا and لَيْسَ Example

- Lets consider the following simple example:

Affirmative	هُم مِّنَ الْخَاسِرِينَ They are from the losers
-------------	---

- Note that in both مَا with لَيْسَ version is not applicable here. Because, ب is added only with خَبِرَ . In the given sentence there is no خَبِرَ . Here هُمْ is the مُبْتَدَأُ while مِّنَ الْخَاسِرِينَ is the مُتَعَلِّقٌ بِاَلْخَبَرِ

(i) Option 1	مَا هُمْ مِّنَ الْخَاسِرِينَ They are not from the losers	—
(ii) Option 3(a)	لَيْسُوا مِّنَ الْخَاسِرِينَ They are not from the losers	—

Examples from the Quran

مِنْ وَرَاءِهِ جَهَنَّمُ وَ يُسْقَى مِنْ مَّاءٍ صَدِيدٍ ﴿١٦﴾ يَتَجَرَّعُهُو وَلَا يَكَادُ يُسِغُهُو وَيَأْتِيهِ الْمَوْتُ مِنْ كُلِّ مَكَانٍ
وَمَا هُوَ بِمَيِّتٍ ط وَ مِنْ وَرَاءِهِ عَذَابٌ غَلِيظٌ ﴿١٧﴾

Before him is Hell, and he **will be given** a drink of purulent water(16). He will gulp it but will hardly [be able to] swallow it. And death will come to him from everywhere, but **he is not to die (in any way)**. And before him is a massive punishment (17). (14:16-17)

Absolute Negation

- **Absolute Categorical Negation** is another type of negation that is unique to الْجُمْلَةُ الاسْمِيَّةُ
- It reflects the meaning "there is absolutely no...(without any exception)"
- It is formed by:

جَارٌ مَجْرُورٌ

اسْمٌ
(and Light مَنْصُوبٌ)

لَا

Absolute Negation: Examples

Rule	لَا (إِسْمٌ مَنْصُوبٌ and Light) جَارٌ مَجْرُورٌ
Examples	لَا إِكْرَاهَ فِي الدِّينِ
	There is absolutely no compulsion in religion
	لَا شَرِيكَ لَهُ
	He has absolutely no partner
	لَا رَيْبَ فِيهِ
	There is absolutely no doubt in it

Absolute Negation: Exception

- Recall: For Absolute Negation the **إِسْم** must be both **مَنْصُوبٌ** and Light.
- But for **General Negation** (where exception may be made) the **إِسْم** is **مَرْفُوعٌ** and **Heavy**.

Rule	جَارٌ مَجْرُورٌ	إِسْمٌ مَرْفُوعٌ (Heavy)	لَا
Examples	فِيهِ	يَبِّعُ	لَا
	There is no sale in it		
	فِيهِ	شَفَاعَةٌ	لَا
	There is no intercession in it		

- In both examples, exception may be made.

Negation used to Affirm Strongly¹

- Negation under this segment- reflects the meaning of "Nothing but.." to strongly affirm the fact.
- **Pattern:** $\text{إِنْ} + \text{أَلَّا}$ or $\text{مَا} + \text{أَلَّا}$
- Both patterns are used for refutation (someones claim) but $\text{إِنْ} + \text{أَلَّا}$ is more **emphatic and powerful**.
- Patterns can be applied in **both types** of sentences i.e. $\text{الْجُمْلَةُ الْاسْمِيَّة}$ and $\text{الْجُمْلَةُ الْفِعْلِيَّة}$

¹ Dream Text Book Section 9.4, page 126

Negation used to Affirm Strongly: Examples

- Lets consider the following simple example:

Normal version	هُوَ رَسُولٌ He is a messenger
----------------	-----------------------------------

- Lets look into two versions of emphatic sentences:

(i) مَا + إِلَّا	مَا هُوَ إِلَّا رَسُولٌ He is nothing but a messenger	Emphatic
(ii) إِنَّ + إِلَّا	إِنَّ هُوَ إِلَّا رَسُولٌ He is nothing but a messenger	More emphatic

Note: Both sentences mean: **He is undoubtedly a messenger**

Negation used to Affirm Strongly: More Examples

- Lets consider another example:

Normal version	هُوَ ذِكْرٌ It is a reminder
----------------	---------------------------------

- Lets look into two versions of emphatic sentences:

(i) مَا + إِلَّا	مَا هُوَ إِلَّا ذِكْرٌ It is nothing but a reminder	Emphatic
(ii) إِنَّ + إِلَّا	إِنَّ هُوَ إِلَّا ذِكْرٌ It is nothing but a reminder	More emphatic

Negation used to Affirm Strongly: More Examples

- Lets consider another example:

Normal version	أَنْتَ بَشَرٌ You are a man
----------------	--------------------------------

- Lets look into two versions of emphatic sentences:

(i) مَا إِلَّا	مَا أَنْتَ إِلَّا بَشَرٌ You are nothing but a man	Emphatic
(ii) إِنْ إِلَّا	إِنْ أَنْتَ إِلَّا بَشَرٌ You are nothing but a man	More emphatic

Negation to Affirm: Example from Quran

- Emphatic patterns: مَا + إِلَّا or إِنَّ + إِلَّا
- In the following ayah the criminals confessed their guilt and they said that the warners were greatly misguided.

قُلُوبَهُمْ قَدْ جَاءَنَا نَذِيرٌ فَكَذَّبْنَا وَقُلْنَا مَا نَزَّلَ اللَّهُ مِنْ شَيْءٍ إِنَّ أَنْتُمْ إِلَّا فِي ضَلَالٍ كَبِيرٍ ﴿٩﴾

They will reply, "Yes, a warner did come to us, but we did not believe him. We said, Allah has revealed nothing: you are **greatly** misguided." (Sura Mulk 67:9)

Negation to Affirm: More Example from Quran

- Emphatic patterns: $\text{إِنَّ} + \text{إِلَّا}$ or $\text{مَا} + \text{إِلَّا}$
- In the following ayah Allah says, the Quran is **nothing but i.e. must be** reminder for the entire creation (having intellect).

إِنَّ هُوَ إِلَّا ذِكْرٌ لِلْعَالَمِينَ ﴿٨٧﴾

This is **only but i.e. undoubtedly** a warning for all people. (Sad 38:87)

Negation to Affirm: For Verbal Sentence **الْجُمْلَةُ الْفِعْلِيَّةُ**

- So far, all presented examples were Noun-based Sentence **الْجُمْلَةُ الاسْمِيَّةُ** but the same patterns can be applied to any Verbal Sentence **الْجُمْلَةُ الْفِعْلِيَّةُ**.
- Lets consider the following example:

Normal version	يَكُونُ كَذِبًا They say a lie
----------------	-----------------------------------

- Lets look into two versions of emphatic sentences:

(i) مَا + إِلَّا	مَا يَكُونُ إِلَّا كَذِبًا They say nothing but a lie	Emphatic
(ii) إِنْ + إِلَّا	إِنْ يَكُونُ إِلَّا كَذِبًا They say nothing but a lie	More emphatic

18:5 part

Note: Notice here the word **إِنْ** is not used as IF which is a conditional particle. When **إِنْ** or IF is used with a verb the verb becomes Light (see conditional sentence). Here **إِنْ** does not affect the verb.

Extra/Additional مِنْ

- This extra مِنْ can be attached to an **إِسْمٌ** or a fragment without changing its role in the sentence, but **adds a new shade of meaning**. Here it adds the meaning of **not a single or any**.

3 conditions for additional مِنْ :

- i. Will always come in either a NEGATED SENTENCE or a QUESTIONING SENTENCE.
- ii. The WORD FOLLOWING it will always be COMMON **نَكِيرَةٌ**
- iii. The sentence should still make sense after its removal.

Extra/Additional مِنْ: Examples

With مِنْ i.e. Emphatic Version	Without مِنْ i.e. Normal Version
مَا لَهُ مِنْ قَلَمٍ He doesn't have a single pen	مَا لَهُ قَلَمٌ He doesn't have a pen
مَا فِي الْبَيْتِ مِنْ رَجُلٍ There isn't a single man in the house	مَا فِي الْبَيْتِ رَجُلٌ There is no man in the house
مَا تَسْقُطُ مِنْ وَرَقَةٍ Not a single leaf falls	مَا تَسْقُطُ وَرَقَةٌ No leaf falls

Note: مِنْ is one of the حَرْفُ الْجَرِّ which converts next إِسْمٌ as مَجْرُورٌ

Extra/Additional مِنْ: Important Note

Recall different **ROLES** in 2 types of Sentences:

- **مُبْتَدَأٌ** or Early Subject (before IS) : Noun-based Sentence or **الْجُمْلَةُ الاسْمِيَّةُ**
 Its **status normally** **مَرْفُوعٌ** or **حرف النصب** and its victim
A stronger definition: (In term of meaning) **It is the Subject of the Sentence that appears before (IS).**

Example: **وَاللَّهُ بَصِيرٌ بِالْعِبَادِ** And Allah is seer of His slaves. 3:15 part

- **خَبِرٌ** or Late Subject that appears after (IS): Its status is **مَرْفُوعٌ** .
- **فَاعِلٌ** or Outside Doer: Verbal Sentence or **الْجُمْلَةُ الْفِعْلِيَّةُ**
 Its **status normally** **مَرْفُوعٌ**
A stronger definition: (In term of meaning) **it is the Doer of the Verb.**

Example: **وَإِذْ تَأَذَّنَ رَبُّكُمْ** And when your lord declares.. 14:7 part

¹ See Part 3 for details

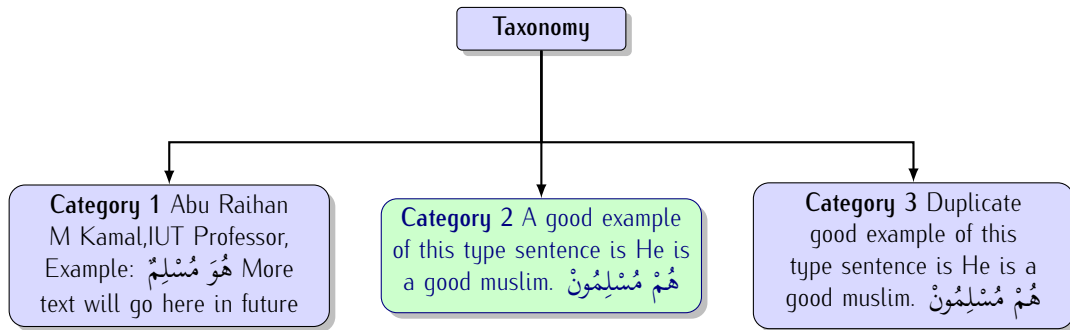

Extra/Additional مِنْ: Important Note Cont.1

- Additional مِنْ will change the status of its next إِسْم to مَجْرُورٌ , BUT their **ROLES will be unchanged**.

Example:

With مِنْ i.e. Emphatic Version	Without مِنْ i.e. Normal Version
مَا لَهُ مِنْ قَلَمٍ Not a single pen (مُبْتَدَأٌ) is for him i.e. He does not have a single pen	مَا لَهُ قَلَمٌ Not a pen (مُبْتَدَأٌ) is for him, i.e. He does not have a pen
مَا فِي الْبَيْتِ مِنْ رَجُلٍ Not a single man (مُبْتَدَأٌ) is in the house. i.e. There is not a single man in the house	مَا فِي الْبَيْتِ رَجُلٌ Not a man (مُبْتَدَأٌ) is in the house. i.e. There is no man in the house
مَا تَسْقُطُ مِنْ وَرَقَةٍ Not a single leaf (فَاعِلٌ) falls	مَا تَسْقُطُ وَرَقَةٌ No leaf (فَاعِلٌ) falls
