Chapter Outline

Ism Mawsul إِسْمٌ مَوْصُولٌ and Sila صِلَةٌ

عَائِدٌ

Compound Sifa

Conditional Sentence

Introduction: صلة and إسم مَوْصُول

- In English we use Relative Clause (i.e. it contains more information), which can be replaced with a single word.

- **Example:**

I know one who came here yesterday.

A simple version would be: I know the man/him.

Those who visited our home last month are my friends.

A simple version would be: They are my friends.

- In the above 2 examples, a sentence (with a relative pronoun) serves as i) Object and ii) Subject of the sentence respectively. And "one who", "those who" are **Relative Pronouns**.

Note: Note relative pronoun can link **forward**(in 2nd sentence) or **backward** (in 1st sentence) or both (in Arabic).

- So, a **Relative Clause** has two parts:

A relative pronoun + a Describing Sentence or Complementary Part

In Arabic **A relative pronoun** is called **إسم مَوْصُول** while **a describing sentence** is called its **صلة**

Introduction: إِسْمٌ مَوْصُولٌ and صِلَةٌ (Cont.)

- **Example:** I know one who came here yesterday.

A simple version would be: I know the man/him.

Those who visited our home last month are my friends.

A simple version would be: They are my friends.

- In Arabic **A relative pronoun** is called إِسْمٌ مَوْصُولٌ while **a describing sentence** is called its صِلَةٌ
- They together i.e. صِلَةٌ + إِسْمٌ مَوْصُولٌ can **NOT** make a complete sentence.

Example: Those who visited our home last month ...

It is not a complete sentence (it waits for completion)

- They can be **either Subject or Object** of the sentence.

Relative Pronouns إِسْمٌ مَوْصُولٌ

- اَلَّذِي Group: They are used to point something/somebody **very specific**.

Plural	Pair/Dual	Singular	
اَلَّذِيْنَ	اَلَّذَانِ	اَلَّذِيْ	Masculine
اَلَّذِيْ	اَلَّتَانِ	اَلَّتِيْ	Feminine
Those who	Those (two) who	The one who	

- Others

مَا whatever	مَنْ whoever
-----------------	-----------------

- Note that the dual forms are Fully-Flexible, while all others are Non-Flexible, For Details **See Part 1, Slide No. 54** For Non-Flexible إِسْمٌ the context will determine its status

الَّذِي Example صِلَة Sila and إِسْمٌ مَوْصُولٌ

Few Points:

- Relative Pronoun إِسْمٌ مَوْصُولٌ and its Complementary Part صِلَة are not separable and acts as a single unit.
- So the core objective of this lesson is to detect the boundary of إِسْمٌ مَوْصُولٌ and its companion صِلَة
- Another objective is to label the unit correctly such as Subject مُبْتَدَأٌ , Object خَبَرٌ , Doer فَاعِلٌ , Adjective (compound) صِفَة and so on.

Example:

- هُوَ فِي الْمَسْجِدِ He is in the Masjid.
- الَّذِي هُوَ فِي الْمَسْجِدِ The one who is in the Masjid (partial expression).
- الَّذِي هُوَ فِي الْمَسْجِدِ مُسْلِمٌ The one who is in the Masjid is a Muslim.

Example اَلَّذِي Cont. **صِلَة** Sila and **إِسْمٌ مَوْصُولٌ** Ism Mawsul

- Examples from Quran: **الْجُمْلَةُ الاسْمِيَّةُ** Noun-based Sentence or **الْجُمْلَةُ الاسْمِيَّةُ** Noun-based Sentence or **الْجُمْلَةُ الاسْمِيَّةُ** Noun-based Sentence
 اُولَٰئِكَ الَّذِيْنَ هَدٰهُمُ اللّٰهُ These are the ones Allah guided. -39:18 part
- Labeling of the Sentence:

اُولَٰئِكَ	الَّذِيْنَ هَدٰهُمُ اللّٰهُ
مُبْتَدَأٌ	خَبَرٌ
Those are the ones Allah guided	

- Note that it is a **الْجُمْلَةُ الاسْمِيَّةُ** Noun-based Sentence and its **خَبَرٌ** is another **الْجُمْلَةُ الاسْمِيَّةُ** Noun-based Sentence or **الْجُمْلَةُ الاسْمِيَّةُ** Noun-based Sentence (i.e. **خَبَرٌ** Complex)
- الَّذِيْنَ هَدٰهُمُ اللّٰهُ** begins with a Pronoun **الَّذِيْنَ** which makes it **الْجُمْلَةُ الاسْمِيَّةُ** Noun-based Sentence .

Complex خَبَرٌ Quick Review

- If the خَبَرٌ is a sentence (either verbal or noun-based), it has to be tied to the مُبْتَدَأٌ using either:
 - A pronoun that goes back to the مُبْتَدَأٌ
 - A pointer (which is essentially a pronoun)
- Example:

صَادِقٌ	الرَّجُلُ
خَبَرٌ (A single word)	مُبْتَدَأٌ
The man is truthful	
هُوَ صَادِقٌ	الرَّجُلُ
خَبَرٌ (Noun-based Sentence)	مُبْتَدَأٌ
The man, who is truthful	

Note: Here in 2nd example the Pronoun هُوَ corresponds to الرَّجُلُ (Number and Gender must match)

Complex خَبَرٌ Quick Review (Cont.)

- If the خَبَرٌ is a sentence (either verbal or noun-based), it has to be tied to the مُبْتَدَأٌ using either:
 - A **pronoun** that goes back to the مُبْتَدَأٌ
 - A **pointer** (which is essentially a pronoun)

Example:

أُولَٰئِكَ	هُمُ الْمُفْلِحُونَ
مُبْتَدَأٌ	(Noun-based Sentence) خَبَرٌ
Those are the successful -2:5 part	
اللَّهُ	الَّذِي كَلَقَ السَّمَوَاتِ وَالْأَرْضِ
مُبْتَدَأٌ	(Noun-based Sentence) خَبَرٌ
It is Allah who created the heavens and the earth -57:32 part	

Note: In example 1: هُمْ ↔ أُولَٰئِكَ

while in example 2: لِّذِي ↔ اللَّهُ Number and Gender must match.

Example الَّذِي Cont. صِلَة Sila and إِسْمٌ مَوْصُولٌ

- Examples from Quran: **Verb-based Sentence** or **الْجُمْلَةُ الْفِعْلِيَّةُ**
- Labeling of the Sentence:

الَّذِينَ آمَنُوا	إِذْ لَقُوا
Can not be an Outsider Doer, since the verb (i.e. لَقُوا) is plural	Verb (plural)
When they meet (future) those who believe -2:14	

- Here الَّذِينَ is a مَفْعُولٌ بِهِ (i.e. action is done to it) so its status is **مَنْصُوبٌ**

Example اَلَّذِي Cont. صِلَة Sila and إِسْمٌ مَوْصُولٌ

- Examples from Quran: **Verb-based Sentence** or **الْجُمْلَةُ الْفِعْلِيَّةُ**
- Labeling of the Sentence:

اَلَّذِينَ كَفَرُوا	قَالَ
Outside Doer , verb (i.e. قَالَ) is he/she	Verb (he/she)
Those who disbelieve said	

- Here اَلَّذِينَ is attached to An Outside Doer, so it is **مَرْفُوعٌ**

Example

مُبْتَدَأُ as الَّذِي

- If لَّذِينَ is the first word of a sentence then it (together with its صِلَة) is generally forms a Subject or مُبْتَدَأُ
- The Relative Pronoun or اِسْمُ مَوْصُولٍ and its Complementary Part or صِلَة together works as a **Single Unit**.
- Recall: A Verbal Sentence or الْجُمْلَةُ الْفِعْلِيَّةُ must begin with a Verb فِعْل . (following is not a verbal sentence, it is noun-based)

Example مُبْتَدَأٌ as الَّذِي

- If لَّذِينَ is the first word of a sentence then it (together with its صِلَة) is generally forms a Subject or مُبْتَدَأٌ
- The Relative Pronoun or اِسْمٌ مَوْصُولٌ and its Complementary Part or صِلَة together works as a **Single Unit**.
- Recall: A Verbal Sentence or الْجُمْلَةُ الْفِعْلِيَّةُ must begin with a Verb فِعْلٌ . (following is not a verbal sentence, it is noun-based)

وَالَّذِينَ كَفَرُوا وَكَذَّبُوا بِآيَاتِنَا أُولَٰئِكَ أَصْحَابُ النَّارِ هُمْ فِيهَا خَالِدُونَ ﴿٣٩﴾

And those who disbelieve and deny Our signs – those will be companions of the Fire; they will abide therein eternally.
-2:39

Example مُبْتَدَأُ as الَّذِي

- If الَّذِي is the first word of a sentence then it (together with its صلة) is generally forms a Subject or مُبْتَدَأُ
- The Relative Pronoun or إسم موصول and its Complementary Part or صلة together works as a Single Unit.
- Recall: A Verbal Sentence or الْجُمْلَةُ الْفِعْلِيَّةُ must begin with a Verb فعل . (following is not a verbal sentence, it is noun-based)

وَالَّذِينَ كَفَرُوا وَكَذَّبُوا بِآيَاتِنَا أُولَٰئِكَ أَصْحَابُ النَّارِ هُمْ فِيهَا خَالِدُونَ ﴿٣٩﴾

مُبتدأ

And those who disbelieve and deny Our signs – those will be companions of the Fire; they will abide therein eternally.
-2:39

Example صفة as اَلَّذِي

اَلَمْ ﴿١﴾ ذٰلِكَ اَلْكِتٰبُ لَا رَيْبَ فِيْهِ هُدًى لِّلْمُتَّقِيْنَ ﴿٢﴾ اَلَّذِيْنَ يُؤْمِنُوْنَ بِالْغَيْبِ وَيُقِيْمُوْنَ الصَّلٰوةَ وَ مِمَّا رَزَقْنٰهُمْ يُنْفِقُوْنَ ﴿٣﴾

Alif, Lm, Meem.(1) This is the Book about which there is no doubt, a guidance for those conscious of Allh (2) Who believe in the unseen, establish prayer, and spend out of what We2 have provided for them (3)

- **اَلَّذِيْنَ** is an ambiguous noun noun i.e. its meaning becomes plain with what follows is called **صلة**
- Recall **اَلْمُتَّقِيْنَ** + **صلة** acts as a single unit. Here it acts as an Adjective or **صفة** of the Previous Noun (in verse no.2) **اَلْمُتَّقِيْنَ**.
In other words, Ayah No. 3 is the qualities of **اَلْمُتَّقِيْنَ** mentioned in previous ayah. [Click for Details](#)

مَنْ and مَا Example صِلَةٌ Sila and إِسْمٌ مَوْصُولٌ

- It is important to understand the difference among these particles:

الَّذِي	The one who	Very Specific
مَنْ	who/whoever	Used for person, and it is Open
مَا	what/whatever	Used for anything, it is More Open

مَا Example صِلَة Sila and إِسْمٌ مَوْصُولٌ

- Examples from Quran: **Verb-based Sentence** or **الْجُمْلَةُ الْفِعْلِيَّةُ**
- Labeling of the Sentence:

مَا فِي السَّمُوتِ وَالْأَرْضِ	سَبَّحَ لِلَّهِ
Outside Doer , verb is he/she	Verb (he/she)
Whatever is in the heavens and earth exalts Allah -57:1	

- Here مَا is attached to An Outside Doer, so it is **مَرْفُوعٌ**

Example مَا Cont. صِلَة and إِسْم مَوْصُول

- Examples from Quran: **Verb-based Sentence** or **الْجُمْلَةُ الْفِعْلِيَّةُ**
- Labeling of the Sentence:

يَعْلَمُ مَا يَلِجُ فِي الْأَرْضِ

He knows what penetrates into the earth -57:4 part

- Here مَا is attached to the **مَنْصُوبٌ** **مَفْعُلٌ بِهِ** so, its status is

مَنْ Example صِلَة Sila and إسم مَوْصُول

- Examples from Quran: **Noun-based Sentence** or **الْجُمْلَةُ الْفِعْلِيَّةُ**
- Labeling of the Sentence:

وَلِمَنْ خَافَ مَقَامَ رَبِّهِ جَنَّاتٍ

And for him who fears to stand before his lord are two gardens -55:46

- Here مَنْ is attached to مُتَعَلِّقٌ بِالْخَبَرِ (additional Khabar) so, its status is **مَجْرُورٌ**

عَائِدٌ (The One Who Comes Back)

- In English We say "What he said"
- But in Arabic we often say it in a different way: "What he said it"
The extra pronoun (i.e. it) is called **عَائِدٌ** in Arabic Grammar.
- **عَائِدٌ** is an option. So both of the followings are correct sentences

Without عَائِدٌ	نَعْلَمُ مَا كَتَبَ
With عَائِدٌ	نَعْلَمُ مَا كَتَبَهُ
We know what he wrote	

عائد Optional for 2 Cases

- عائد is an option specially for 2 cases. If it is omitted, it is considered implied:
 - When مَا or مَنْ are used

Example:

Without عائد	خَلَقَ اللَّهُ مَا فِي السَّمَوَاتِ وَالْأَرْضِ
With عائد	خَلَقَ اللَّهُ مَا هُوَ فِي السَّمَوَاتِ وَالْأَرْضِ
Allah created whatever is in the skies and the earth	

عَائِدٌ Optional for 2 Cases (Cont.)

- عَائِدٌ is an option specially for 2 cases. If it is omitted, it is considered implied:
 - ii. When صِلَةٌ is a Noun-based Sentence الْجُمْلَةُ الاسْمِيَّةُ made up of a مُبْتَدَأٌ which is a pronoun and a مُتَعَلِّقٌ بِالْخَبَرِ (additional Khabar), the مُبْتَدَأٌ can be omitted:

Example:

Without عَائِدٌ	إِنَّ الَّذِينَ عِنْدَ رَبِّكَ
With عَائِدٌ	إِنَّ الَّذِينَ هُمْ عِنْدَ رَبِّكَ
Surely those who are near your lord	

صِفَة Compound Sifa

1. A جَارٌ مَجْرُورٌ can be an Adjective or صِفَة only when the اِسْم is Common

Example: رَجُلٌ مِّنْ قُرَيْشٍ A man from the Quraish

Normally a مَرْفُوعٌ is expected as 4 properties must match, but here we get a جَارٌ مَجْرُورٌ So, it is here في مَحَلِّ رَفَعٍ (Expected رَفَعٌ but got something else)

2. Sentences (both Noun-based and verbal) can be Adjectives. It happens only with Common مَوْصُوفٌ

Example: مُسْلِمٌ حَجَّ [Common اِسْم + Verbal Sentence] A man who did Hajj.

Compound Sifa صِفَة Example from Quran

تَجْرِي مِنْ تَحْتِهَا الْأَنْهَارُ

جَنَّاتٍ

Gardens beneath which rivers flow -57:12 part

Few Points:

- Here the entire verbal sentence **تَجْرِي مِنْ تَحْتِهَا الْأَنْهَارُ** is the description or صِفَة of جَنَّاتٍ
- **تَجْرِي مِنْ تَحْتِهَا الْأَنْهَارُ** is a verbal sentence or الْجُمْلَةُ الْفِعْلِيَّةُ . And الْأَنْهَارُ is its OUTSIDE DOER.
- Since the OUTSIDE DOER الْأَنْهَارُ is a **Non-Human Broken Plural** so, it is treated as SHE (feminine singular) hence, the verb تَجْرِي takes the feminine singular form.
- Attached pronoun هَا in تَحْتِهَا refers to جَنَّاتٍ which is also **Non-Human Broken Plural**, so it is replaced by SHE (هَا) in its attached form.

Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ

- Each Conditional Sentence has two parts:

Example: If you study hard you will succeed.

The condition part is called **شَرْطٍ** while the effect/result part is called **جَوَابُ الشَّرْطِ**

Example	If you study hard	[then] you will pass
Label	Condition شَرْطٍ	Effect جَوَابُ الشَّرْطِ

- Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ can be broadly classified in 3 ways:
 - Using Conditional Particles that **affect verb**
 - Using Conditional Particles that **do not affect verb**
 - Conditional Imperative Sentence

Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ

Case 1: Conditional Particles that **affect verb**

إِنْ If	مَنْ whoever	مَا whatever	أَيْنَمَا Wherever
---------	--------------	--------------	--------------------

Rules in General:

1. Both **Verbs** **فِعْل** will be **Lightest** (if it is present tense)
2. If it is in **past tense** the **فِعْل** will have **no effect** on particles but the meaning will be in future (i.e. They are always translated in present tense even if past tense is used)
3. It is important to identify the boundary of these two parts in a complete conditional sentence

Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ using IF إِنَّ

- English General Form: If **condition** شَرْط then **effect** جَوَابُ
Using إِنَّ particle there is no separate word for **then** in general. But if there is a **mismatch** between 2 parts (i.e. tense or type of sentence) then an additional **فَ** is used.
- Consider the example: If he helps then I will help.

إِنَّ يَنْصُرَ أَنْصُرَ

- ✓ Note the verb is in Present Tense hence both verbs are **Lightest**
- If the sentence is in Past Tense the meaning would be in Future and the Lightest Particles will have no impact on verb form.

Example: If he did well then I will do well

إِنَّ أَحْسَنَ أَحْسَنْتُ

- ✓ Here both verb are past **الفِعْلُ الْمَاضِي** so, the particle إِنَّ has **no impact on verb** (NOT Lightest).
- ✓ Also note the translation is switched to Future Tense although verbs are in Past Tense.

الْجُمْلَةُ الشَّرْطِيَّةُ using إِنَّ Example Explained

إِنَّ تَمَسَسَنَكُمْ حَسَنَةً تَسُوهُمْ وَإِنْ تُصِيبَكُمْ سَيِّئَةٌ يَفْرَحُوا بِهَا ﴿١٢٠﴾

If good touches you, it distresses them; but if harm strikes you, they rejoice at it -3:120 part

الْجُمْلَةُ الشَّرْطِيَّةُ using إِنَّ Example Explained

﴿۱۲۰﴾..... إِنَّ تَمَسَسَكُمْ حَسَنَةً تَسُوهُمْ وَإِنْ تُصِيبَكُمْ سَيِّئَةٌ يَفْرَحُوا بِهَا

If good touches you, it distresses them; but if harm strikes you, they rejoice at it -3:120 part

الْجُمْلَةُ الشَّرْطِيَّةُ using إِنَّ Example Explained

﴿١٢٠﴾..... إِنَّ تَمَسَّسَكُمْ حَسَنَةً تَسُوهُمْ وَإِنْ تُصِيبَكُمْ سَيِّئَةٌ يَفْرَحُوا بِهَا

If good touches you, it distresses them; but if harm strikes you, they rejoice at it -3:120 part

- For تَمَسَّسَكُمْ (it touches you) the roots are م س س Normally it would be تَمَسَّكُمْ but here the Lightest version تَمَسَّسَكُمْ has been used.
- تَمَسَّسَكُمْ Verb is 3rd person Feminine Singular imperfect (Present) verb, jussive (Lightest) mood. Because حَسَنَةً is the Outside Doer which is Feminine. Hence the فِعْل must be a SHE by rule.
- In effect part: تَسُوهُمْ (it distresses them). The verb is 3rd person feminine singular imperfect (Present) verb, jussive (Lightest) mood.

The roots are س و أ, since و is a weak letter it get vanished (more in Sarf Part)

Note: Here in translation it refers to the fact of "Touching Good to You" where the Doer حَسَنَةً is Femenine, hence it is used as SHE here.

الْجُمْلَةُ الشَّرْطِيَّةُ using إِنَّ Example Explained Cont.

إِنَّ تَمَسَسَنَكُمْ حَسَنَةً تَسُوهُمْ وَإِنْ تُصِيبَكُمْ سَيِّئَةٌ يَفْرَحُوا بِهَا ﴿١٢٠﴾

If good touches you, it distresses them; but if harm strikes you, they rejoice at it -3:120 part

الْجُمْلَةُ الشَّرْطِيَّةُ using إِنَّ Example Explained Cont.

إِنَّ تَمَسَسَنَكُمْ حَسَنَةً تَسُوهُمْ وَإِنْ تُصِيبَكُمْ سَيِّئَةٌ يَفْرَحُوا بِهَا ﴿١٢٠﴾

If good touches you, it distresses them; but if harm strikes you, they rejoice at it -3:120 part

الْجُمْلَةُ الشَّرْطِيَّةُ using إِنَّ Example Explained Cont.

إِنَّ تَمَسَسَنُكُمْ حَسَنَةً تَسُوهُمُ وَإِنْ تُصِيبَكُمْ سَيِّئَةٌ يَفْرَحُوا بِهَا..... ﴿١٢٠﴾

If good touches you, it distresses them; but if harm strikes you, they rejoice at it -3:120 part

- **تُصِيبُكُمْ** (it strikes you) 3rd person feminine singular imperfect (Present) verb, jussive (Lightest) mood. Roots are ص و ب The letter و is a weak letter so get vanished. **سَيِّئَةٌ** is the Outside Doer which is Feminine, so verb takes SHE form.

تُصِيبُ (it strikes) $\xrightarrow{\text{lightest}}$ **تُصِيبْ**

- **يَفْرَحُونَ** (they rejoice) $\xrightarrow{\text{lightest}}$ **يَفْرَحُوا**

Example2 using إِنَّ الْجُمْلَةَ الشَّرْطِيَّةَ

Main Lesson: The **Condition** شَرْطٍ and the **Effect** جَوَابٍ are in **Past Tense** الْفِعْلُ الْمَاضِي

Example2 using إِنَّ الْجُمْلَةُ الشَّرْطِيَّةُ

Main Lesson: The **Condition** شَرْطٍ and the **Effect** جَوَابٍ are in **Past Tense** الْفِعْلُ الْمَاضِي

فَإِنْ أَصَابَهُ خَيْرٌ أَطْمَأَنَّ بِهِ ۖ وَإِنْ أَصَابَتْهُ فِتْنَةٌ أُنْقَلَبَ عَلَىٰ وَجْهِهِ ؕ ﴿١١﴾

If good strikes him, he is content with it; but if a trial strikes him, he turns on his face [to other direction] -22:11 part

Example2 using إِنَّ الْجُمْلَةَ الشَّرْطِيَّةَ

Main Lesson: The **Condition** شَرْطٍ and the **Effect** جَوَابٍ are in **Past Tense** الْفِعْلُ الْمَاضِي

فَإِنْ أَصَابَهُ خَيْرٌ أَطْمَأَنَّ بِهِ ۖ وَإِنْ أَصَابَتْهُ فِتْنَةٌ أُنْقَلَبَ عَلَى وَجْهِهِ ۚ ﴿١١﴾

If good strikes him, he is content with it; but if a trial strikes him, he turns on his face [to other direction] -22:11 part

- Here the verbs are in Past Tense in a conditional sentence of إِنَّ hence **verbs do not change**.
- Even if verbs are in Past Tense, the **meaning is in Present Tense**.
- Also note: (Second Part) the Outside Doer فِتْنَةٌ is feminine so the verb takes SHE format (i.e. أَصَابَتْهُ)

Example3 using إنْ الْجُمْلَةُ الشَّرْطِيَّةُ

Main Lesson: The **Condition** شَرْطٍ and the **Effect** جَوَابٍ do not match in terms of tense and type of sentence. When there is **Mismatch** generally the resumption particle **فَ** is used in Effect part. **فَ** is also used for **emphasizing**.

Example 3 using إِنَّ الْجُمْلَةَ الشَّرْطِيَّةَ

Main Lesson: The **Condition** شَرْطٍ and the **Effect** جَوَابٍ do not match in terms of tense and type of sentence. When there is **Mismatch** generally the resumption particle **فَ** is used in Effect part. **فَ** is also used for **emphasizing**.

إِنْ تَكْفُرُوا فَإِنَّ اللَّهَ غَنِيٌّ عَنْكُمْ... ﴿٧﴾

If you disbelieve, then verily, Allah is not in need of you... -39:7 part

Example3 using إِنَّ الْجُمْلَةُ الشَّرْطِيَّةُ

Main Lesson: The **Condition** شَرْطٍ and the **Effect** جَوَابٍ do not match in terms of tense and type of sentence. When there is **Mismatch** generally the resumption particle **فَ** is used in Effect part. **فَ** is also used for **emphasizing**.

إِنْ تَكْفُرُوا فَإِنَّ اللَّهَ غَنِيَ عَنْكُمْ... ﴿٧﴾

If you disbelieve, **then verily**, Allah is not in need of you...

-39:7 part

- Here the Condition شَرْطٍ is in Past Tense **الفِعْلُ الْمَاضِي** (in broader sense **Verbal-Sentence** or **الْجُمْلَةُ الْفِعْلِيَّةُ**) while the Effect جَوَابٍ is a **Noun-based Sentence** **الْجُمْلَةُ الْأَسْمِيَّةُ**. There exists a mismatch so, **فَ** is used.

Example using مَنْ الْجُمْلَةُ الشَّرْطِيَّةُ

Note: Here مَنْ means **Whoever**. It is NOT an إسم that can play different roles, rather it is Conditional Particle to begin a sentence.

Example مَنْ using الْجُمْلَةُ الشَّرْطِيَّةُ

Note: Here مَنْ means **Whoever**. It is NOT an اِسْم that can play different roles, rather it is Conditional Particle to begin a sentence.

وَمَنْ يَكْفُرْ بِآيَاتِ اللَّهِ فَإِنَّ اللَّهَ سَرِيعُ الْحِسَابِ... ﴿١٩﴾

And Whoever disbelieves in the miraculous signs of Allah, then Allah is no doubt swift in taking account. -3:19 part

Example using مَنْ أَلْجُمْلَةُ الشَّرْطِيَّةِ

Note: Here مَنْ means **Whoever**. It is NOT an إسم that can play different roles, rather it is Conditional Particle to begin a sentence.

وَمَنْ يَكْفُرْ بِآيَاتِ اللَّهِ فَإِنَّ اللَّهَ سَرِيعُ الْحِسَابِ... ﴿١٩﴾

And **Whoever** disbelieves in the miraculous signs of Allah, **then** Allah is no doubt swift in taking account. -3:19 part

- The Conditional Particle مَنْ with **Present Tense** **الفِعْلُ الْمُضَارِعُ** affects the verb (makes it Lightest)
- Since there is a **Mismatch** between Condition and Effect **additional فَ** is used as to produce the meaning of "then"

Example using مَا الْجُمْلَةُ الشَّرْطِيَّةُ

Note: Here مَا means **Whatever**. It is NOT an اِسْم that can play different roles, rather it is Conditional Particle to begin a sentence. It is **more open** than مَنْ, hence in general **additional مِنْ is added to clarify or remove ambiguity** from the base meaning of مَا

Example using مَا الْجُمْلَةُ الشَّرْطِيَّةُ

Note: Here مَا means **Whatever**. It is NOT an اِسْمٌ that can play different roles, rather it is Conditional Particle to begin a sentence. It is **more open** than مَنْ, hence in general **additional مِنْ** is added to clarify or remove ambiguity from the base meaning of مَا

وَمَا تُنْفِقُوا مِنْ شَيْءٍ فِي سَبِيلِ اللَّهِ يُوَفَّ إِلَيْكُمْ... ﴿١٩﴾

and **Whatever** you spend in the path of Allah, it will be returned to you.. -3:19 part

Example using مَا الْجُمْلَةُ الشَّرْطِيَّةُ

Note: Here مَا means **Whatever**. It is NOT an اِسْم that can play different roles, rather it is Conditional Particle to begin a sentence. It is **more open** than مَنْ, hence in general **additional مِنْ** is added to clarify or remove ambiguity from the base meaning of مَا

وَمَا تُنْفِقُوا مِنْ شَيْءٍ فِي سَبِيلِ اللَّهِ يُوَفَّ إِلَيْكُمْ... ﴿١٩﴾

and **Whatever** you spend in the path of Allah, it will be returned to you.. -3:19 part

- The Conditional Particle مَا with **Present Tense الفِعْلُ الْمُضَارِعُ** affects the verb (makes it Lightest). Both verbs are Lightest.

تُنْفِقُونَ (you [all] spend) $\xrightarrow{\text{lightest}}$ تُنْفِقُونَ [passive] يُوفَّى (it will be returned) $\xrightarrow{\text{lightest}}$ يُوفَّى [passive]

- Additional مِنْ has been used to remove total ambiguity.

Example2 using مَا الْجُمْلَةُ الشَّرْطِيَّةُ

وَمَا أَصَابَكُمْ مِنْ مُصِيبَةٍ فَبِمَا كَسَبَتْ أَيْدِيكُمْ... ﴿٣٠﴾

and **Whatever** strikes you of disaster, then it is from what you have earned. -42:30 part

Example2 using مَا الْجُمْلَةُ الشَّرْطِيَّةُ

وَمَا أَصَابَكُمْ مِنْ مُصِيبَةٍ فَبِمَا كَسَبَتْ أَيْدِيكُمْ... ﴿٣٠﴾

and **Whatever** strikes you of disaster, then it is from what you have earned. -42:30 part

- The Conditional Particle مَا with **Past Tense** **الْفِعْلُ الْمَاضِي** that does not affect the verb.
- Additional **مِنْ** has been used **to remove total ambiguity**.
- The ayah is **translated in Present Tense** although Past Tense verb has been used.

Example3 using مَا الْجُمْلَةُ الشَّرْطِيَّةُ

مَا يَفْتَحِ اللَّهُ لِلنَّاسِ مِنْ رَحْمَةٍ فَلَا مُمْسِكَ لَهَا... ﴿٢﴾

Whatever Allah opens for mankind of mercy, then there is absolutely no holding back. -35:2 part

Example3 using مَا الْجُمْلَةُ الشَّرْطِيَّةُ

مَا يَفْتَحُ اللَّهُ لِلنَّاسِ مِنْ رَحْمَةٍ فَلَا مُمْسِكَ لَهَا... ﴿٢﴾

Whatever Allah opens for mankind of mercy, then there is absolutely no holding back. -35:2 part

- There is a mismatch: the condition is a الْجُمْلَةُ الْفِعْلِيَّةُ while the effect is a الْجُمْلَةُ الْاِسْمِيَّةُ . So, فَ is used.
- The verb يَفْتَحُ (i.e. Lightest) has been changed to يَفْتَحِ to join to next word (i.e. Doer) using a - (this is a general rule)

الْجُمْلَةُ الشَّرْطِيَّةُ using مَا Example 4, **Not** a Conditional Particle

Note: مَا may not be always a Conditional Particle, then verb form will not be affected.

أَمْ كُنْتُمْ شُهَدَاءَ إِذْ حَضَرَ يَعْقُوبَ الْمَوْتُ إِذْ قَالَ لِبَنِيهِ مَا يَعْبُدُونَ مِنْ بَعْدِي... ﴿١٣٣﴾

Or were you witnesses when death approached to Yaqub? When he said to his sons, "What will you worship after me?" -2:133 part

- Notice, here مَا has not been used as a Conditional Particle, rather it has been used as a general **Question Particle (what..)**. This مَا means What. Hence the verb يَعْْبُدُونَ is **unchanged**.
- Same principle goes with other Particles. SO, whenever any Conditional Particles (mentioned so far) are found, it is urgent to verify if they are used as Conditional Particle.
In Simple language, "Is there any effect with the condition?" If Yes, then verb form will be changed as mentioned earlier.

Example using أَيْنَمَا الْجُمْلَةُ الشَّرْطِيَّةُ

Note: **أَيْنَمَا** means **Wherever**. (Rules remain same like previous Conditional Particles)

Example using أَيْنَمَا using الْجُمْلَةُ الشَّرْطِيَّةُ

Note: **أَيْنَمَا** means **Wherever**. (Rules remain same like previous Conditional Particles)

أَيْنَمَا تُقْفُوا أَخَذُوا وَقُتِلُوا تَقْتِيلًا ﴿٦١﴾

Wherever they are found (passive) they are taken (passive) and massacred (passive) completely.

-33:61 part

Example using اَيْنَمَا the جُمْلَةُ الشَّرْطِيَّةِ

Note: اَيْنَمَا means **Wherever**. (Rules remain same like previous Conditional Particles)

اَيْنَمَا تُقْفُوا اُخِذُوا وَ قُتِلُوا تَقْتِيْلًا ﴿٦١﴾

Wherever they are found (passive) they are taken (passive) and massacred (passive) completely.

-33:61 part

- The ayah is **translated in Present Tense** although Past Tense verb has been used.
- Since verbs are in Past Tense, no changes occurred.
- Verbs are all passive forms

Recall نَصْرُوا $\xrightarrow{\text{past-passive}}$ نُصِرُوا

See part 4 for details

Example2 using أَيْنَمَا الْجُمْلَةُ الشَّرْطِيَّةُ

Note: **أَيْنَمَا** means **Wherever**. (Rules remain same like previous Conditional Particles)

Example2 using أَيْنَمَا الَّجُمْلَةُ الشَّرْطِيَّةُ

Note: **أَيْنَمَا** means **Wherever**. (Rules remain same like previous Conditional Particles)

أَيْنَمَا تَكُونُوا يُدْرِكُكُمُ الْمَوْتُ... ﴿٦١﴾

Wherever you are, death will find (grasp/overtake) you... -4:78 part

Example2 using أَيْنَمَا الْجُمْلَةُ الشَّرْطِيَّةُ

Note: **أَيْنَمَا** means **Wherever**. (Rules remain same like previous Conditional Particles)

أَيْنَمَا تَكُونُوا يُدْرِكُكُمُ الْمَوْتُ... ﴿٦١﴾

Whatever you are, death will find (grasp/overtook) you... -4:78 part

- Since verbs are in Present Tense, their Lightest forms are used.

تَكُونُونَ (you [all] are) $\xrightarrow{\text{Lightest}}$ تَكُونُوا يُدْرِكُ (it overtakes) $\xrightarrow{\text{Lightest}}$ يُدْرِكْ

- In Effect Part: **الْمَوْتُ** is the **Outside Doer**. (It must be مَرْفُوعٌ)

Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ

Case 2: Conditional Particles that **does not affect verb**

لَوْ If!! / Had we/I/they/it

إِذَا If/When

- For these two particles, verbs **فِعْل** are **not changed to their Lightest Form** even the tense is Present **الفِعْلُ الْمُضَارِعُ**.

Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ using لَوْ If!!

Notes for لَوْ:

- **لَوْ does not affect verb form** (i.e. does not make it Lightest)
- لَوْ is used to express conditions that are **highly unlikely or hypothetical**. In English we call it "Unreal Past". Example: Had it been a case so that... If I were a king....
- لَوْ is also used to express a **sense of regret/remorse/frustration**.
- This is the **only Condition صَرَط that translates in the past tense**.
- In a conditional sentence that uses لَوْ, you will generally find a لَ on the first word in the Effect جَوَاب. Sometimes لَ can be omitted. لَ is an Emphasis Particle.

Example: Had you studied seriously you would have not failed.

It suggests that, he did not study seriously so he failed, and it has happened already (i.e. past)

Conditional Sentence اَلْجُمْلَةُ اَلْشَّرْطِيَّةُ using لَوْ Example

لَوْ Summary: Does not affect verb, used in Past tense, may have **Emphasis Particle لَ** (i.e. surely) in Effect Part.

Conditional Sentence using لو Example

لو Summary: Does not affect verb, used in Past tense, may have **Emphasis Particle ل** (i.e. surely) in Effect Part.

وَلَوْ ءَامَنَ أَهْلُ الْكِتَابِ لَكَانَ خَيْرًا لَهُمْ ۚ ... ﴿١١٠﴾

And **had** the people of the Scripture believed, it would **surely** have been better for them. -3:110
part

Conditional Sentence اَلْجُمْلَةُ اَلشَّرْطِيَّةُ using لَوْ Example

لَوْ Summary: Does not affect verb, used in Past tense, may have **Emphasis Particle لَ** (i.e. surely) in Effect Part.

وَلَوْ ءَامَنَ أَهْلُ الْكِتَابِ لَكَانَ خَيْرًا لَهُمْ ۚ ... ﴿١١٠﴾

And **had** the people of the Scripture believed, it would **surely** have been better for them. -3:110
part

Conditional Sentence using لَوْ Example2

لَوْ Summary: Does not affect verb, used in Past tense, may have ل in Effect

Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ using لَوْ Example2

لَوْ Summary: Does not affect verb, used in Past tense, may have ل in Effect

قَالُوا لَوْ نَعْلَمُ قِتَالًا لَا تَبْعُنَاكُمْ ... ﴿١٦٧﴾

They said: "Had we known that fighting will take place, we would certainly have followed you."
-3:167 part

Conditional Sentence using لَوْ Example2

لَوْ Summary: Does not affect verb, used in Past tense, may have ل in Effect

قَالُوا لَوْ نَعْلَمُ قِتَالًا لَا تَبْعُنَاكُمْ ... ﴿١٦٧﴾

They said: "Had we known that fighting will take place, we would certainly have followed you."
-3:167 part

Conditional Sentence اِذْ using اِذْ If/when

Notes for اِذْ: if/when

- اِذْ does not affect verb form (i.e. does not make it Lightest)
- اِذْ translates as "when" and describes conditions that are highly likely to happen.
- When it comes with a Present Tense Verb اَلْفِعْلُ الْمُضَارِعُ , it is translated in the present/future tense and indicates a Repeated Event.
- When it comes with a Past Tense Verb اَلْفِعْلُ الْمَاضِي , it is translated in the present/future tense and indicates a Single Event.

(In other words: it always indicates present/future tense even if the verb is in past tense)

- Resumption Partile فَ may be added in Effect Part جَوَابٌ when there is a mismatch (as before)

Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ using إِذَا If/when Example

الَّذِينَ إِذَا أَصَابَتْهُمْ مُصِيبَةٌ قَالُوا إِنَّا لِلَّهِ وَإِنَّا إِلَيْهِ رَاجِعُونَ ﴿١٥٦﴾

Those who, **when** disaster strikes them, they say, "No doubt, we belong to Allah, and no doubt only to Him we return." -2:156

- Both verbs **أَصَابَتْهُمْ** and **قَالُوا** are in Past Tense but the meaning is in Present Tense.
- It is not done repeatedly rather it is done only when strikes hit them, so past tense verb has been used.

Conditional Sentence الْجُمْلَةُ الشَّرْطِيَّةُ using إِذَا If/when Example2

وَ إِذَا سَأَلَكَ عِبَادِي عَنِّي فَأَنِّي قَرِيبٌ ... ﴿١٨٦﴾

When My slaves ask you about me, then I am near. -2:186

- Both verbs **أَصْبَتَهُمْ** and **قَالُوا** are in Past Tense but the meaning is in Present Tense.

Conditional Sentence اَلْجُمْلَةُ اَلشَّرْطِيَّةُ using اِذَا If/when Example3

وَ اِذَا تُتْلٰى عَلَيْهِ ءَاٰتِنَا وَلّٰى مُسْتَكْبِرًا كَاَن لَّمْ يَسْمَعْهَا ... ﴿٧﴾

When out miraculous sings are recited to him (repeatedly), **he turns away arrogantly as though he did not hear them.** -31:7 part

- The verb تُتْلٰى is in Present Tense اَلْفِعْلُ الْمُضَارِعُ so, —are recited to him (repeatedly).
- The verb in Effect part وَلّٰى is in Past Tense اَلْفِعْلُ الْمَاضِي and it is translated in present tense (just for once..not for many times) — he turns away
- There is another verb in يَسْمَعْهَا which is Lightest (jussive) **because** of the **Lightest Particle لَمْ**.
-See Part 4, Slide 31-32

Conditional Imperative Sentence

- Each Conditional Imperative Sentence has two parts:

Example: Study, you will pass.

The Command part is called **أَمْرٌ** while the effect/result part is called **جَوَابُ الْأَمْرِ**

Example	Study,	[then] you will pass
Label	Command أَمْرٌ	Effect جَوَابُ الْأَمْرِ

- In terms of rules, the **Effect** Part **جَوَابُ الْأَمْرِ** is **always Lightest** or **مَجْزُومٌ**
- The Command Part **أَمْرٌ** follows the regular rule for Commanding. -(see part 4, slide 50-51)

Conditional Imperative Sentence Example

Rule: The Effect Part is Lightest while Command follows regular Imperative Verb pattern.

قُلْ إِنْ كُنْتُمْ تُحِبُّونَ اللَّهَ فَاتَّبِعُونِي يُحْبِبْكُمُ اللَّهُ وَيَغْفِرْ لَكُمْ ذُنُوبَكُمْ وَاللَّهُ غَفُورٌ رَحِيمٌ ﴿٣١﴾

Say, "If you love Allah then follow me, Allah will love you and forgive your sins and Allah is forgiving and merciful." -3:31

- Note in the Effect Part جَوَابُ the verbs are **Lightest**.

يُحِبُّكُمْ $\xrightarrow{\text{Lightest}}$ يُحِبِّكُمْ (He will love you) يَغْفِرُ $\xrightarrow{\text{Lightest}}$ يَغْفِرُ (He will forgive)

- Such ayah should be understood in the following way:

The Effect part is the **result of** following the Command Part. Here, if we want: Allah loves you and forgives you then you need to follow the Command i.e. follow me.

General Pattern: Imperative Verb (Command) $\xrightarrow{\text{Next Verb}}$ Also Lightest

Conditional Imperative Sentence Example

Special Note: Not every Command أَمْرٌ will have an Effect جَوَابٌ. When this is the case you will not find the verb in its Lightest Form (verb will have its normal form).

... ثُمَّ ذَرَّهُمْ فِي خَوْضِهِمْ يَلْعَبُونَ ﴿٩١﴾

... then leave them in their empty discourse amusing themselves. -6:91

- Here we get the Command ذَرَّهُمْ **leave them** followed by another verb يَلْعَبُونَ **amusing**. But the second verb is not in its Lightest form, so **we can not say**: they are amusing because you leave them.

Summary of Lightest / Jussive Mode of Verb (مَجْزُوم)

- Recall $\text{يَنْصُرُ} \xrightarrow{\text{Lightest}} \text{يَنْصُرْ}$ and $\text{يَنْصُرُونَ} \xrightarrow{\text{Lightest}} \text{يَنْصُرُوا}$

There are 3 cases where a Lightest Verb may appear:

Summary of Lightest / Jussive Mode of Verb (مَجْزُوم)

- Recall $\text{يَنْصُرُ} \xrightarrow{\text{Lightest}} \text{يَنْصُرْ}$ and $\text{يَنْصُرُونَ} \xrightarrow{\text{Lightest}} \text{يَنْصُرُوا}$

There are mainly 4 cases where a Lightest Verb may appear:

End of Part 7

Quran Package Demo 1

Quran Test

آمَنَ الرَّسُولُ بِمَا أُنزِلَ إِلَيْهِ مِنْ رَبِّهِ وَالْمُؤْمِنُونَ كُلُّ آمَنَ بِاللَّهِ وَمَلَائِكَتِهِ وَكُتُبِهِ وَرُسُلِهِ لَا نُفَرِّقُ بَيْنَ أَحَدٍ مِنْ رُسُلِهِ
وَقَالُوا سَمِعْنَا وَأَطَعْنَا غُفْرَانَكَ رَبَّنَا وَإِلَيْكَ الْمَصِيرُ ﴿٥٨٢﴾

The Prophet believes in what has been revealed to him by his Lord, and so do the faithful. Each one believes in God and His angels, His Books and the prophets, and We make no distinction between the apostles. For they say: "We hear and obey, and we seek Your forgiveness, O Lord, for to You we shall journey in the end." (285)

Quran Test

الرَّ ۚ كِتَابٌ أَنْزَلْنَاهُ إِلَيْكَ لِتُخْرِجَ النَّاسَ مِنَ الظُّلُمَاتِ إِلَى النُّورِ بِإِذْنِ رَبِّهِمْ إِلَى صِرَاطٍ الْعَزِيزِ الْحَمِيدِ ﴿١﴾

আলিফ, লাম, রা। একখানা গ্রন্থ, আমরা তোমার কাছে এ অবতারণ করেছি যেন তুমি মানবগোষ্ঠিকে তাদের প্রভুর অনুমতিক্রমে অন্ধকার থেকে আলোকে বের করে আনতে পারো, -- মহাশক্তিশালী পরম প্রশংসার পথে, (1)

Table Demo 1

There are 2 options for negation in past tense, using two particles

- i. Normal past tense ← مَا
- ii. Lightest version of present tense ← لَمْ

Example:

Affirmative	نَصَرَ He helped
(i) Negation Option 1	مَا نَصَرَ He did not help
(ii) Negation Option 2	لَمْ يَنْصُرْ He did not help

Table Demo 2

- There are 2 options for negating present tense sentence. Although in Arabic present tense also covers future, but in this context present does not include future tense. As there are tools specific to future negation.

Options:

Option	Example	Remarks
(i) Normal Present + مَا	مَا يَنْصُرُ He does not help at all	Stronger than option (ii)
(ii) Normal Present + لَا	لَا يَنْصُرُ He does not help	General form
This is English	একটা উদাহরন যায়। OKay
